# COGx Individualized Cognitive Enhancement Programs

## LICENSING TERMS FOR LEARNING CENTERS

### COGx Certification Training:

- Complete COGx Certification Training to master the methodology and become a COGx Practitioner, ready to deliver effective individualized cognitive enhancement programs.
- Training consists of 3 modules (~40 hours) delivered through a combination of remote (online) work and 3 days in person. Training includes reading, tutorial videos, assessments, practice, observation, and formal mock sessions with feedback.

### Additional Training:

- COGx Manager Training facilitates scalability and quality of programs at your organization by providing a COGx Practitioner with additional training on COGx messaging, onboarding (including consultations & program design, ongoing quality assurance, and offboarding programs.
- COGx Administrator Training provides additional coaching and resources to help integrate COGx services into your organization and message programs to your community.

### Ongoing Learning & Development Support:

- COGx Learning & Development Managers provide you additional ongoing support that includes:
    - Session observations with feedback and coaching support for program design, program customization, and client management.
    - Regularly scheduled office hours for COGx Practitioners, Managers, and Administrators.
- There are opportunities for ongoing learning, which allow COGx Practitioners to stay current with the science of learning and apply the latest insights and best practices to their programs.
- A resource library is provided, including program guidelines and templates, demonstration videos, and additional information about program steps, cognitive skills, and clinical skills for cognitive training.
- Marketing materials are provided to support outreach and enrollment.

## TERMS

**COGx Certification Training & Materials Fee:**                    **$1,500 / practitioner**

- This fee includes all training modules, program materials, and two nights lodging (double occupancy) and meals during in-person training, which takes place in the Greater DC area.
- Trainings require a minimum of two participants per learning center / location.

**Student Support & Technology Fee:**                    **$500 / learner**

- COGx provides ongoing program support and technology platforms to facilitate effective programs.
- The COGx Registration Website enrolls learners and generates a COGx Learner Profile.
- The COGx Partner Portal and accompanying iOS App help to run and manage programs, including program design, session planning and reporting, progress assessment, and managerial oversight,
